A beautiful 45-acre campus.

The Moorings of Arlington Heights is located on a beautiful 45-acre campus with flowering gardens, winding walkways, ponds and shaded seating areas. The campus includes a library, convenience store and deli, a beauty/barber shop, and a chapel.

A community that's vibrant and alive.

Here, residents enjoy a community alive with people, resources, and social and recreational programming. Our staff provides opportunities for enrichment and friendship. Residents can take classes, use computers, attend lectures, play bridge and other card games, take trips to concerts and theater and use the campus fitness center and pool. Private transportation is available.

Our staff provides a compassionate, intuitive way of caring. We build relationships with residents — the kind that creates trust and leads to better care. Assisted living at The Moorings includes a registered nurse on staff and nursing assistants available 24 hours a day, seven days a week.

Should the need arise, assisted living residents can take advantage of short-term care for rehabilitation, long-term care, or specialized memory care at The Health Care Center at The Moorings of Arlington Heights.

Assisted living at The Moorings is licensed for sheltered care and accredited by CARF/CCAC, the nation's only accrediting body for retirement communities.
